

1). In the past five years have you had to work a second job while working at the University? If yes, why?

Yes. I have two children in college (it would be nice if they could get a discount).

2). While working here have you needed to borrow money or use a credit card to make ends meet?

Yes, we took out an education loan.

3). If you made a livable wage, what would you be able to do that you can't do now? (In 2003 the Jobs Now Coalition estimated that the hourly wage needed to meet monthly basic needs for a family consisting of one adult with 2 children was \$19.46)

Pay off debts!! It is very hard to make a dent in what is owed. Personally, after working at the University for 12 years, I feel I should be making over \$13.90 an hour.

4). At your present salary, what do you go without?

This may sound trivial, but my family has not had a vacation in YEARS.
