

1). In the past five years have you had to work a second job while working at the University? If yes, why?

Yes. Saving money to replace the floor in my kitchen. The support beams and footings need to be replaced also.

2). While working here have you needed to borrow money or use a credit card to make ends meet?

Yes.

3). If you made a livable wage, what would you be able to do that you can't do now? (In 2003 the Jobs Now Coalition estimated that the hourly wage needed to meet monthly basic needs for a family consisting of one adult with 2 children was \$19.46)

I don't think like that. I think about lowering my expenses and saving money.

4). At your present salary, what do you go without?

Free time.
