

1). In the past five years have you had to work a second job while working at the University? If yes, why?

No, but only because my husband makes much more than I do. Currently considering another job.

2). While working here have you needed to borrow money or use a credit card to make ends meet?

Yes. Credit card debt is extensive right now. Getting harder to catch up.

3). If you made a livable wage, what would you be able to do that you can't do now?
(In 2003 the Jobs Now Coalition estimated that the hourly wage needed to meet monthly basic needs for a family consisting of one adult with 2 children was \$19.46)

-Have a savings account

-Car repairs/maintenance

-Go out of town and stay somewhere on vacations

-Have kids! (can't afford at this point)

4). At your present salary, what do you go without?
